

COMMUNITY UPDATE

2 November 2021

Dear Community Member

Further to our communication on 17 October, we have now safely completed the scheduled maintenance work on our Cogen Unit – our combined heat and power recovery unit – and will be starting it back up later today into tomorrow.

If you live in the immediate surrounding area, you may notice a short period of slightly increased noise while our team conduct the re-start, but we are taking steps to minimise this wherever possible.

We apologise in advance for any inconvenience that this essential work may cause, and we thank you for your patience and understanding.

Regards

Annita McCurdy
Process Manager
