

COMMUNITY UPDATE

4 November 2021

Dear Community Member

We have now completed the safe re-start of our Cogen unit, but want to apologise for any disruption caused by the associated increase in noise during yesterday.

Bringing this large unit back online does have a period of increased noise until it returns to normal operation, and our team worked hard throughout to minimise both duration and volume where they could.

Once again, we apologise for any inconvenience or disruption caused.

Best regards

Annita McCurdy
Process Manager
