

COMMUNITY UPDATE

8th October 2021

Dear Community Member

Further to our communication on Wednesday, we wanted to advise you that we will be re-starting one of our steam units later today.

Those living in the immediate surrounding area to our site may hear some additional noise while we conduct this planned work, however we are taking steps to minimise this wherever possible.

A very short period of slightly darker output might also be visible from one of our stacks during the start up.

We apologise in advance for any inconvenience that this essential work may cause and we thank you for your patience and understanding.

Regards

Annita McCurdy
Process Manager
