

COMMUNITY UPDATE

18th August 2022

Dear Community Member

We wanted to advise you that, following some essential maintenance, we are currently expecting to re-start our Cogen Unit - our combined heat and power recovery unit - this morning.

If you live in the immediate surrounding area, you may hear a period of increased noise while we conduct this work but we are taking steps to minimise this wherever possible.

We are very sorry if re-starting the unit causes any inconvenience, and we thank you for your patience and understanding.

Regards

Annita McCurdy
Process Manager
